

JOB SUMMARY

We are looking for an experienced certified mechanic to work the night shift from 6:00 PM to 4:00 AM. This position performs the necessary tasks to effectively perform all mechanical work needed to repair and maintain company equipment.

ESSENTIAL DUTIES AND RESPONSIBILITIES

Diagnoses mechanical failures and repairs tractors and tractor components according to manuals, factory specifications, and knowledge of engine performances, using hand tools, power tools, and testing instruments:

Attaches compression, ignition, and timing test instruments to certain parts of tractor, using clamps and hand tools.

Starts engine dials and reads meters and gauges of testing equipment to diagnose engine malfunction.

Removes and disassembles engine, transmission, and clutches, using hoists, jacks, and mechanic's hand tools.

Inspects parts for damage, and verifies dimensions and clearances of parts for conformance to factory specifications, using gauges, such as calipers, and micrometers.

Replaces or repairs worn or damaged parts. Grinds valves, relines and adjusts brakes, tightens body bolts, aligns wheels, and tunes engine. May weld defective body or frame parts.

Utilize equipment efficiently.

Works with management in any and all duties necessary to insure the safe, consistent, and profitable operation of the facility.

QUALIFICATIONS:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. Must be able to meet attendance requirements. The requirements listed below are representative of the knowledge, skill, and/or ability required.

EDUCATION and/or EXPERIENCE

Associate's degree (A. A.) or equivalent from two-year college or technical school; five (5) years related experience and/or training; or equivalent combination of education and experience. Formal mechanical training needed

LANGUAGE SKILLS

Must be able to communicate in English to understand directions, ask questions, and provide information.

Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals. Ability to write routine reports and correspondence. Ability to speak effectively before customers or employees of the company

MATHEMATICAL SKILLS

Ability to add, subtract, multiply, and divide in all units of measure, using whole numbers, common fractions, and decimals.

REASONING ABILITY

Ability to apply common sense understanding to carry out instructions furnished in written, oral, or diagram form. Ability to deal with problems involving several concrete variables in standardized situations.

CERTIFICATES, LICENSES, REGISTRATIONS, COMPUTER SKILLS

Certified Mechanic a must!. Literacy in Microsoft Word, Excel and Outlook a plus.

BENEFITS

Excellent benefits including promotional opportunities, medical, dental, life insurance, pension plan, vacation, holidays, sick days.

SALARY

Salary commensurate with experience.
